

bodhi 360

YOUR IT PARTNER

PHILOSOPHY

We, at Bodhi 360, extend ourselves compassionately in the client's environment to understand it, feel it, live it and grasp the client's vision, mission and approach, and our solutions reflect those wishes, directives and objectives in detail.

HOW WE DO IT

- We follow a dynamic work methodology and use robust online tools to ensure efficient communication and collaboration with the client: Form a small team with the client.
- Split work into iterations.
- Plan in a dynamic collaborative environment to accommodate changes and new ideas.
- Review periodically and communicate better options.
- Fail quickly in short cycles, to fix issues rapidly.
- Adapt and address issues on time.
